

Welcome to Doodles Elite

Your new puppy's journey starts here — and we're thrilled to be part of your growing family.

This guide gives you everything you need to confidently welcome your new furry companion home.

Food & Feeding Schedule

We currently feed all puppies Life's Abundance (All stages) - see link to order:
lifesabundance.com/KendraTruckey

Choose the feeding routine that works best for your household:

Option 1: Three Meals Daily

- ½ cup, 3× per day
- Morning: 7am–9am
- Midday: 12pm–1pm
- Evening: 4pm–6pm

Option 2: Two Meals Daily

- ¾ cup, 2× per day
- Morning: 7am–9am
- Evening: 4pm–6pm

This is the schedule we use until your puppy goes home. You're welcome to continue it or choose your own!

Shots & Veterinary Care

Your puppy receives their first vaccines with us:

- Neopar – Week 4
- Distemper/Parvo DAPPV (5-way) – Weeks 6–7

After going home, your puppy will need vaccines **every 3–4 weeks** until **16 weeks old**, when they'll receive their **rabies vaccine**. Choose any vet that fits your family's needs.

Deworming Protocol

We proactively deworm all puppies:

- **Pyrantel** – Weeks 3, 5, 7
- **Safeguard (Fenbendazole)** – Weeks 5–6

Young puppies can easily pick up parasites in public areas. Please limit exposure until fully vaccinated.

All parent dogs are health-tested prior to breeding to ensure the best possible health of the puppies.

Choosing How to Receive Your Puppy

Pickup at Doodles Elite (FREE)

- Pickup date and time will be scheduled together
- Please provide 1–2 hours' notice before arrival

Meet Halfway

- Up to 4 hours of travel
- Cost: \$250–\$400

Flight Nanny

- Puppy is flown (with nanny) to your nearest major airport
- Confirmed tickets: Nanny Fee \$650 + Ticket price (The flight nanny company will handle everything, you just provide the funds). Standby options may be available for \$650.
- **OR** you may fly into CMH or LCK (Columbus, Ohio) and we will meet you curbside at no charge

The night before each delivery/pickup date, you will be sent a reminder text with your pets digital vet records and an email of your final invoice for payment. You're more than welcome to pay ahead of time, or wait until you've received your puppy. If you're choosing to pay cash or check, let us know!

Important:

- Pickup starts at **8-9 weeks** from your puppy's date of birth.
- We offer a 1 week **grace period** for pickup/ delivery. Starting **1 week after the go home date**, a boarding fee of **\$35/day** will be applied.
- If a puppy has been reserved past the go home **grace period**, you will have **5 days for pickup/delivery**, until the boarding fee applies.

What Comes With Your Puppy

Every family receives:

- Blanket with familiar scent
- Small bag of puppy food
- Digital vet records
- Collar & leash
- Doodles Elite tote bag

Recommended Products

Perfect for new puppy parents or seasoned dog families:

- Collapsible travel bowl

DOODLES ELITE — HEALTH GUARANTEE

Guaranteed 1-Year Guarantee / extended 3 - year with Life's Abundance Dog food

Prior to Pick-Up or Delivery

It is the sole discretion of the breeder to determine when a puppy is ready to transition to its new home. Puppies are typically ready between **8–9 weeks of age**, depending on their weight, development, and ability to wean from the mother. Under no circumstances will a puppy leave before it is ready.

A **\$35 per day boarding fee** applies to puppies kept at **1 week after the go home date**. The puppy is guaranteed to be in **good health at the time of sale**.

All puppies will be **up to date on vaccinations and deworming** at the time of pick-up or delivery. It is essential that the buyer continues all recommended vaccinations and deworming. Puppies should not be exposed to unvaccinated dogs until the full vaccination series is completed, typically around **16–20 weeks of age**.

Each puppy will have been examined by a **licensed veterinarian** and deemed healthy prior to release.

Upon Pick-Up or Delivery

The buyer must have the puppy examined by a **licensed veterinarian**, at the buyer's expense, within **7 days** of receiving the puppy. Failure to complete this examination within 7 days renders this guarantee **void**.

If, within this 7-day period, a licensed veterinarian determines the puppy to be unhealthy or unfit for sale, the veterinarian must provide a **written statement** declaring the puppy "unhealthy for purchase."

This written diagnosis must be submitted to the breeder and will be reviewed by the breeder's licensed veterinarian. If the puppy is confirmed to be in poor health due to a condition clearly attributable to the breeder, the puppy may be returned for a **refund of the purchase price only**. *Deposit, Veterinary fees, shipping costs, and related expenses are not refundable.*

The breeder cannot assume responsibility for the puppy after **7 days** from the pick-up/delivery date. The buyer is responsible for providing proper care, safety, and protection for the puppy.

Exceptions to This Guarantee

This guarantee does **NOT** cover:

- Health issues resulting from **neglect, injury, or improper care** by the buyer
- Minor or common conditions, including but not limited to:
 - Colds
 - Allergies
 - Internal or external parasites
 - Underbites
 - Umbilical hernias
 - Grade 1 luxating patellas
- Any medical expenses incurred after the sale
- Training difficulties or behavioral issues
- Size predictions — while parent weights are provided, adult size cannot be guaranteed
- Fertility or show quality — puppies are sold as **top-quality pets only**
- Hypoglycemia occurring after the puppy is in the buyer's possession

If the puppy is **bred within the first year**, this guarantee becomes **null and void**.

Congenital Defects

This guarantee **DOES** cover:

A **one-year guarantee** against congenital defects that adversely affect the puppy's health. This is valid if the family has been seen by a vet of their choosing within 7 days of pickup/delivery date.

If the guarantee is valid, and a veterinarian diagnoses a congenital or hereditary defect within 1 year of the pickup/delivery date, the veterinarian must provide a **written statement** confirming the condition.

In the event of death, a **necropsy** performed by a licensed veterinarian is required for refund consideration.

The buyer must notify the breeder of the veterinarian's **name, address, and phone number** within **two business days** of diagnosis. Failure to do so results in forfeiture of all rights under this guarantee.

Once confirmed by the breeder's veterinarian, the puppy may be returned, or kept for a **refund of the purchase price only - minus deposit**. If choosing to keep your puppy, all fees occurring after the refund will solely be the buyers responsibility.

Deposit, Vet fees, shipping costs, and related expenses are not refundable.

Shipping Policy

If the buyer arranges airline transport, the breeder cannot be held responsible for events outside their control once the puppy is in the airline's care.

If the buyer chooses, the breeder may arrange delivery through an independent, non-affiliated **Puppy Nanny** service at the buyer's expense. Once the puppy is transferred to the Puppy Nanny on the agreed pick-up/delivery date, the breeder is no longer responsible for the puppy's health or well-being.

All shipped puppies may be exposed to other animals during transport. The breeder is not liable for any health issues arising from shipping.

If a refund is approved for any reason outlined in this guarantee, **only the purchase price - minus the deposit** will be refunded. The breeder is not responsible for reimbursing veterinary bills, medications, shipping fees, or any additional expenses.

Extended Guarantee

Our puppies come with two health guarantee options, and you can choose whichever fits your needs best.

If you'd like our **extended 3-year health guarantee**, we simply ask that your puppy stay on **Life's Abundance dog food for the full 3 years**. We will have a link on our website and below where you can order this food, and you can even set up **auto-shipping** so it arrives at your door automatically—usually within **3 days**. Here's the link: lifesabundance.com/KendraTruckey

Life's Abundance provides consistent, high-quality nutrition that supports healthy growth, digestion, skin, coat, and immune function. It is formulated by veterinarians and made with **premium proteins, no corn or wheat fillers, and no artificial preservatives**. It's produced in **small batches** and shipped fresh, and it is one of the few brands that has **never had a recall**, which speaks to its safety and quality.

If you prefer to choose your **own dog food**, that's completely okay—you will still receive our **standard 1-year health guarantee**. The extended guarantee is simply our way of standing behind a food we trust and use ourselves, because we know how much consistent, high-quality nutrition impacts a puppy's long-term health.

Please check which option you choose:

- **Guaranteed 1 year** (☐)
- **Extended 3 years** (☐)

Agreement

By signing below, Jordan agrees to abide by the terms of this Health Guarantee.
