

Doodles Elite
****Limited 1 Year****
Health Guarantee

Prior to Pick-up/Delivery:

1. It will be up to us, the breeders, to decide when the puppy will be ready to go to its new home. Puppies are usually ready at the age of 6-8 weeks, depending on the weight of the puppy and how easily it is weaned from the mother. We will not, under any circumstances, let the puppy leave before it is ready. There is an additional charge of \$35 per day for puppies kept longer than 9 weeks of age.
2. The puppy is guaranteed to be in good health at the time of sale.
3. The puppy will be up to date on vaccinations and deworming at the time of pickup of the puppy. It is very important that you continue the vaccinations and deworming. Please do not expose your puppy to other dogs that are not vaccinated until he/she has completed the entire vaccination schedule - around 16-20 weeks old.
4. The puppy will have been examined by a licensed veterinarian and deemed in good health at the time of pick-up/delivery.

Upon Pick-up/Delivery:

1. The buyer should have the puppy examined by a licensed vet (at buyer's expense) within 1 week of receiving the puppy. If the puppy is not examined by a vet within 1 week of the pick-up/delivery date, then this guarantee is void.
2. If within 1 week, a licensed vet finds the puppy to be unhealthy or unfit for sale, the vet must provide a written statement deeming the puppy "unhealthy for purchase."
3. This written diagnosis must then be provided to us to have confirmed by our licensed veterinarian. Should the puppy be determined to be in poor health, the cause of which the Seller is clearly to blame, the puppy may be returned for a refund of the purchase price (does not include any vet fees or shipping costs).
4. The breeder cannot assume responsibility for this puppy after 72 hours from the pick-up/delivery date. It is the responsibility of the buyer to care for the puppy properly and keep it free from harm. Please remember that your puppy must be treated with great care and protected from danger.

Exceptions to this guarantee:

1. This guarantee does not cover any health issues caused by neglect or injury from the buyer.
2. This guarantee does not include minor illnesses and health issues such as (but not limited to): colds, allergies, internal or external parasites, underbites, umbilical hernias or grade 1 luxating patellas. The breeder will disclose any known illnesses or health issues prior to the sale.
3. The breeder assumes no responsibility for any medical expenses incurred after the sale.
4. The breeder assumes no responsibility for training difficulties or behavioral problems.

5. The breeder does not guarantee size. The buyer will be given the weight of the puppy's parents. We can give the buyer an educated guess as to full grown weight, but there are too many variables besides genetics to predict the exact full grown weight.
6. The breeder does not guarantee fertility or ability to place in shows. The puppy is strictly sold as a TOP QUALITY PET.
7. If the puppy is bred during the first year, this guarantee is no longer valid.
8. The breeder is not responsible for puppies which develop Hypoglycemia after the puppy is in the new owner's possession.

Congenital Defects:

1. The breeder gives a one year guarantee against any congenital defects of the puppy.
2. If within 3 days of the pick-up/delivery date, a licensed veterinarian determines that your dog has a congenital or hereditary defect which adversely affects the animal's health, the vet must provide a written statement confirming this diagnosis.
3. In case of death, a necropsy performed by a licensed veterinarian is required in order for a potential refund to occur.
4. You must notify the seller of the examining veterinarian's name, address & phone number within two days of the vet's certification of your dog's illness. Failure to notify the seller within two business days will result in forfeiture of rights.
5. Once confirmed by the breeder, the puppy may be returned for a refund of the purchase price (does not include any vet fees or shipping costs).

Regarding Shipping:

1. If the buyer chooses to arrange for the puppy to be delivered via an airline, the Breeder cannot be held responsible for something that is out of their control, as with placing the care/control of the puppy with said airline.
2. If the buyer so desires, the Breeder can arrange (at buyer's expense) for the puppy to be delivered via an independent, non-affiliated, "Puppy Nanny" service. If this option is chosen, the Breeder cannot be held responsible for the health and well-being of the puppy after he has been delivered to the "Puppy Nanny" on the pick-up/delivery date to the buyer.
3. All puppies that are shipped have a chance of being exposed to other dogs, and the breeder is not liable for anything that happens as a result of shipping.
4. If for any of the above stated reasons a refund has been agreed upon by the buyer and the Breeder, it is to be understood by both parties that **ONLY** the purchase price will be refunded. The Breeder cannot be held liable to reimburse any/all expenses that may occur regarding shipping costs, vet bills, medicine costs, etc.
